binaryBHexp and the simulations

<https://vijayvarma392.github.io/binaryBHexp/>

Credits : Varma+

ipyvolume

<https://github.com/widgetti/ipyvolume>

<https://ipyvolume.readthedocs.io/en/latest/vr.html>

Goals:

- HAVE FUN!!
- Get binaryBHex working with the movie
- Fiddle around with the parameters
- Change plotting library from matplotlib to ipyvolume
- Export the new animation file for VR
